FEED LESS... SAVE MONEY

A COST EFFECTIVE WAY TO FEED YOUR DOG

Frozen Concentrate: Specially formulated at the time of the 1992 "Big Snow" as a high energy food supplement for all life stages of your dog. The Salmon, meat blend is a free flow product, snap-fresh sealed in goodness, no thawing required, just scoop out of the bag. Mighty Mix Frozen Concentrate is rich in nutrients that condition the overall health of your dog providing a soft glossy coat. Ideal for all dog breeds. It is natural and wholesome with no artificial preservatives or colours added in the Mighty Mix process. Enhanced with superior quality essential proteins to promote optimum health.

Mighty Mix Large Dog Formula: This is the base Mighty Mix Formula, great for large breeds, working dogs - from puppies to old dogs. This is a unique formulation for ALL life stages of your large breed or working dog. It has the optimum protein and vitamins and minerals for peak condition.

Mighty Mix Family Dog Formula: - is higher in protein and minerals than the Large Dog Formula. This biscuit is ideal for smaller breeds, less active dogs that eat less and therefore require higher vitamin and mineral concentration in the product. This is a unique formulation for ALL life stages of the smaller breeds and less active dog from puppies to old dogs. This formula has twice the amount of vitamin D, vital anti-oxidants, vitamin A, omega 3 6 and 9 and fiber, protein, iodine, iron, potassium, malic acid, and carbohydrates than the Large Dog Formula.

Mighty Mix Nourish Formula: Is for all dog breeds but is specifically formulated for when a little pick-me-up is needed. Ideal for those dogs who have trouble maintaining weight, and is suitable for puppies to old age. For dogs to lose weight they need a diet high in vitamins and minerals, while feeding less. Nourish is formulated ENRICHED with omega 3, 6 and 9 plus green lipped mussels making it suitable for over-weight dogs. This formula has three times the amount of vitamin D, vital anti-oxidants and vitamin A, omega 3 6 and 9 and fiber, protein, iodine, iron, potassium, malic acid and carbohydrates than the Large Dog Formula.

The biscuit range is specially formulated to Meet AAFCO (Association of American Feed Control Officials) nutrition standards that provide a complete balanced diet for all life stages of your dog.
